

Essential Psychology (2nd Revised edition)

By Philip Banyard, Gayle Dillon, Christine Norman, Belinda Winder

SAGE Publications Ltd. Paperback. Book Condition: new. BRAND NEW, Essential Psychology (2nd Revised edition), Philip Banyard, Gayle Dillon, Christine Norman, Belinda Winder, Essential Psychology returns for a 2nd edition with a vivid narrative writing style designed for undergraduates, features designed to stimulate critical thinking and inspire students to learn independently, and an expanded companion website full of useful resources for lecturers and students. This comprehensive introductory text is relevant for both the specialist and non-specialist psychology student, challenging those who studied psychology before university while remaining accessible to those who did not. The 2nd edition: * Gives students a firm foundation in all areas covered on accredited British Psychological Society degree courses * Is also designed for students on introductory Psychology courses outside of the UK, especially in Northern Europe * Includes new chapters on psychopathology, research methods, language, motivation and emotion, lifespan development, health psychology, forensic psychology and critical social psychology * Relates theory to the real world to help students think about where they will employ their degree after undergraduate study.
