Reviews

This is the very best pdf i actually have study right up until now. I could possibly comprehend almost everything using this created e book. Your daily life span will be enhance as soon as you total looking over this publication.

(Prof. Johnson Rutherford)

THE EFFECT OF EDUCATION ON DOMESTIC VIOLENCE: THE ZIMBABWEAN CASE

GRIN Verlag. Paperback. Book Condition: New. Paperback. 24 pages. Dimensions: 8.3in. x 5.8in. x 0.1in. Research Paper from the year 2011 in the subject Sociology - Gender Studies, grade: A-, Ewha Womans University (Graduate School of International Studies), course: Gender and Development, language: English, comment: I thank the Graduate School of International Studies for all the support that I received from them. , abstract: One of the generally agreed techniques likely to facilitate high reductions of incidences of domestic violence among women is to empower them through education. This is because education has been regarded as the most significant instrument for changing womens subjugated position in the society. It not only develops the personality and rationality of individuals, but qualifies them to fulfill certain economic, political and cultural functions and hence improves their socio-economic status. The Zimbabwean case reveals that men and women with more than secondary education are less likely to justify domestic violence. However, the Zimbabwean case is perculia in the sense that domestic violence permeates the whole society regardless of educational levels. Educated men and women perpetrate and experience domestic violence respectively irrespective of their educational levels. It is in this regard that this paper sought to establish why this is so by scrutinizing the education curriculum as well as analyzing whether the legal framework has contributed to reducing domestic violence. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
