

CLEP Courseware Biology (Paperback)

By Brent W Knapp

Createspace, United States, 2010. Paperback. Book Condition: New. 249 x 201 mm. Language: English . Brand New Book ***** Print on Demand *****.Our CLEP Biology courseware includes a 220 page review book with over 170 review questions and answers. Additionally, with your purchase you can download a free software program with over 400 questions to prepare for the exam. We have crammed more information into our courseware than any other publisher. The Biology examination covers material that is usually taught in a one-year college general biology course. The subject matter tested covers the broad field of the biological sciences, organized into three major areas: molecular and cellular biology, organismal biology, and populational biology. The examination gives approximately equal weight to these three areas, and the questions relating to them are interspersed randomly throughout the test.
