Createspace Independent Publishing Platform, United States, 2014. Paperback. Book Condition: New. Concise. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book covers most topics in investing such as Finding Stocks, Analyze Stocks, Market Timing, Styles in Investing / Strategies and Technical Analysis. Most sections start with Why to lure you to read more and are followed by How for the coach potatoes, How and then the theory behind the section. The market timing works for at least the last two market plunges and hopefully it will work in the next market plunge. The chart depends on the falling stock prices, so it will not detect the bottoms and peaks precisely, but it will prevent further losses and tell us when to reenter the market for larger gains. The chart is very simple to use and there is nothing to buy or subscribe. This book is a concise edition of The Art of Investing which is a rewrite and a combination of Debunk the Myths in Investing and its sequel Investing Strategies: Updated and Profitable. Many chapters have been rearranged to have a smoother flow and updated, and some non-essential chapters have been deleted or accessible from the web. Updated: 10/2015. Kindle: 385 pages (6\*9) Paper 280 plus many non-essential articles accessible from the web.
